MAXISYS906SEU

£1,399 excl. VAT

2 Years Updates

Includes:

- Extended 2 years warranty
- Extended 2 years Software free updates

The MaxiSYS MS906S EU is the 'little brother' to the MS906SPRO EU and is super powerful offering a 20 second boot up. Built on the multi-tasking Android 4.4 operating system and with 64GB of internal memory, it has the power to scan vehicle systems quickly and efficiently.

Faster, lighter, better value and much more powerful than its competitors, the new all PCB in the MS906S includes great features, such as support for over 70+ manufacturers, actuation testing, special functions, live data and some programming functions.

The MS906S EU has a large 8" high resolution screen, Wi-fi, 8 Mega-pixel camera, 2GB RAM and a 'best in class' 64GB Internal Hard Drive.

With its built in camera, you can take pictures of faulty parts for customers and email instantly. Self-powered and connecting to the car via a bluetooth VCI, it's the perfect tool for the busy garage or workshop, who need the latest technology at unbeatable value.

The MS906S EU is supplied with free 2 years software updates, UK based telephone support and enhanced European software. It's time for the competition to catch up again!
