The MS908S3 is a professional-grade automotive tool designed to deliver comprehensive OE-level diagnostics across a wide range of vehicle makes and models.

- ✓ Android Operating System
- ✓ Extended 2 Year Warranty
- ✓ 2 Years Software Updates
- ✓ Ongoing updates at £799 excl. VAT
- ✓ Upgradeable to Secure Gateways
- ✓ Upgradeable to ADAS IA600
- ✓ Remote Expert Compatible

The MS908S3 is equipped with a powerful octa-core processor and a **10.1-inch** TFT-LCD capacitive touchscreen, it ensures swift diagnostics and optimal viewing.

This advanced system offers **extensive coverage** for American, Asian, and European vehicles, providing functionalities such as code reading and erasure, live data streaming, ECU information retrieval, bi-directional active tests, and special functions.

One of the standout features of the MS908S3 is its support for the latest communication protocols, including **DoIP** and **CAN FD**, enabling it to interface with modern vehicle networks effectively.

The tool also includes over **40 popular service functions** and offers ECU coding capabilities similar to those found in the MS908ProS model. Additionally, it provides VAG step-by-step service guides, enhancing its utility for technicians working with Volkswagen Group vehicles.

The MS908S3 also comes with **two years of free software updates**, ensuring that users have access to the latest diagnostic capabilities and vehicle coverage.

This commitment to ongoing support makes it a **valuable investment** for workshops and technicians seeking a reliable and up-to-date diagnostic solution.
